

Transnational meeting 4 in Trieste. Exchange of experience with staff. Social services & language development.

Expected results of the project activity:

By meeting, exchanging working skills and being able to join each other in everyday life, we will increase the understanding due to similarities and differences, and hopefully discern what can develop the organization and activities at home.

Theme: Studying and observing the daily work at housing community for minors in Trieste.

16-17 Administrative project tasks and conclusions

*** Describe the impact of the visit on you personally:**

“It warms our hearts that we are many good people in different parts of the world that like to help minors in need. The environment was different, but it felt like home when we met the wonderful Italian colleagues and minors in the community’s we visited.” Hanna, Ida and Galeta.
