

## **CREATING ACCESS**

JOB CARVING AND JOB CRAFTING

1 – 2 JULY 2025 | MAINZ, GERMANY ACADEMY OF SCIENCES AND LITERATURE

## DEAR PARTICIPANTS OF THE CEFEC CONFERENCE,

It is my pleasure to welcome you to the CEFEC Conference 2025 'Creating Access: Examples of workplace design for target group employees: Job Carving and Job Crafting' in the vibrant city of Mainz. Together, we explore inclusivity and social entrepreneurship – forces that transform lives and communities.

Mainz, with its rich history and stunning Rhine River setting, provides the perfect backdrop. This dynamic city blends innovation with tradition, offering opportunities to connect, explore, and find inspiration.

This conference is more than exchanging knowledge; it is about forging connections and taking action toward a more inclusive world. Small, meaningful steps drive change, and together, we can make inclusivity a standard in every sector.

Let us reflect on how our collective efforts contribute to a better future. As individuals and as a European network, we have the power to create impact – one initiative, idea, and collaboration at a time.

I am confident that CEFEC Conference 2025 will inspire, challenge, and empower us. Over the coming days, I encourage you to engage in discussions, embrace new perspectives, and expand the impact of your work.

Thank you for joining us in Mainz. Let us make this conference a milestone in our shared mission for a more inclusive world.
